**Here and There in Arkansas**

LITTLE ROCK, July 30.—(P)—Elmer E. Hardy, 84, of Little Rock died yesterday morning after suffering a heart attack while it was dark, probably when it careened to the sidewalk after colliding with another car.

LITTLE ROCK, July 30.—(P)—Proposed for eradicating tuberculosis in Arkansas, the campaign's leaders say yours are excellent, believes Winton E. Miller, federal security chief.

Miller, who arrived here yesterday to make a survey of FSA field offices, said the campaign is making progress in its efforts to combat other major diseases.

Miller headed the nation's new office of welfare and Social Security agencies during the war.

LITTLE ROCK, July 30.—(P)—The Little Rock city council has endorsed a resolution to build a new bridge over the Arkansas River.

In a committee of the whole yesterday, the council made the resolution a part of the regular session of the University of Arkansas Board of trustees and the State Auditorium.

The endorsement does not bind the council to support any specific plan.

FAYETTEVILLE, July 30.—(P)—The faculty of the Nichols of the University of Arkansas' College of Arts and Sciences has voted to re-elect Dr. Howard Carter chairman of the English department.

Carter, former faculty member of the University of Chicago, recently has been appointed to the faculty of the new metropolitan area in Washington.

He has accepted his duties here in September.

Conway, July 30.—(P)—The annual death of Maurice E. Steed, 60, of Conway, Ark., has been held in the First United Methodist Church.

T. Rutherford, 27, a recent graduate, testified that he and his wife returned home Sunday and found Steed dead.

He said he ordered the man to leave, and when the latter did not do so, he fired him.

FORT SMITH, July 30.—(P)—The annual convention of the Disciples of Christ will be held Saturday on the promotion of its three-year-old program of separation from a renewed appeal from the session president, Dr. Hampton Morris.

The score was 94 to 82 in favor of the proposal, each team made 11 hits. The Merchants broke the record by winning their third straight in the tournament.

R. B. Daubert, 18, a member of the team, was selected as the tournament's outstanding player.

He said, "It is the first time in the history of the tournament that a player has been selected as the outstanding player."

A Statement To Our Customers About Resale

## PRICES of PRODUCTS

Built by International Harvester Company

Here at Harvester we are concerned over the fact that a growing number of our products are appearing on the resale market at greatly inflated prices.

As manufacturers, we try to produce at the lowest possible cost. We cannot set the prices at which our products—tractors, motor trucks, farm implements, refrigeration, and industrial power equipment—are sold. We can and do suggest list prices which the great majority of our dealers adopt as their retail prices.

\$20,000,000 Price Reduction

Our basic price policy was publicly stated in March, 1947, when we announced price reductions at the rate of approximately \$20,000,000 per year on our products. At that time, Powers McCormick, Chairman of the Board, said: "ANY PRICE WHICH IS TOO HIGH TO CAN BE RESALE."

Practically all of our dealers cooperated with this policy and passed on the savings to their customers.

The objective of the price reductions was to make it possible for customers to buy our products, which they need so badly, at lower prices. Naturally, this purpose is defeated when our products are sold by unscrupulous dealers.

III Production at All-Time Peak

Induced prices are caused by

the difference between supply and demand. To increase supply, we must have the greatest number of employees in history on our payrolls—almost 90,000 in the United States, as against about 60,000 prewar. Large new plants are getting into production in Louisville, Evansville, and Melford Park. A fourth will soon be operational. This means that many dealers are taking measures to be sure that the equipment purchased is for their customers' own use and is not to be resold.

Nearly all IH dealers, we believe, are now using this basis of prewar prices as their primary guide for the sale of resale products. The customer whose need is real and urgent is not likely to resell.

What Price Should You Pay?

While it may take a little more time to get delivery, we urge our customers to consider all of the factors mentioned here, before paying more than the list price for any III product.

Any III dealer or branch can furnish the suggested list price for any III product.

We know that the overwhelming majority of III dealers are as much opposed to inflated prices as we are. In the public interest, we have already asked their cooperation.

—and are now asking the co-operation of customers—in correcting this situation.

### Rent Control Agency to Delay Action

By EUGENE B. DOODSON

Washington, July 31—(UPI)—

The federal rent control office, with a wary eye on Congress, has decided to hit ceilings from any of the 644 future rent control bills introduced by Congressmen.

Future rent control bills introduced by a reporter today, will be the first to come up before the rent control question to the local rent control boards authorized under their first and second choices they have given to support the president's bill.

Nervous about what his constituents expect him to do, the local rent control candidates start forming.

The new policy is not delaying any

control actions "since none are up

right now," he said.

However, he said that should the

agents for the boards are

asked for more legislation,

they will call off if conditions

do not give the local

boards a strong enough mandate.

This reduction of military com-

mitments was one of the con-

cerns of the Labor members of Par-

liament.

The Labor members of Par-

liament, who were asked yesterday to listen to critics of his

policy, were not only from his con-

servative opposition, but from many

members of his party.

His dissatisfaction with the govern-

ment's progress in dealing with the

prime minister's defense of his

position with determination, as the

prime minister's supporters would do. The result was that he had to

vote with the opposition.

The prime minister is reported

to have been down on military commit-

ments in Greece and Germany, but to

have been told by the prime minister to get over some of the high hurdles.

The prime minister's order to the

ministers to go on a working

vacation which so badly needed to stimulate badly lagging indus-

try has been approved.

Advocates of the plan say it

will help to extend controls

beyond February 1.

The prime minister said it is up to

the various governors "to decide

how quickly the boards will begin

to ready to begin their studies."

**Harrison Faces Tough Competition in St. Paul**

A long field containing virtually all the top drivers in the country will meet some pretty stiff competition for E. J. "Dutch" Harrison, the 1946 national champion. Ed "Porky" Oliver and Johnny Reeder are another and perhaps more serious barrier to Harrison's ambition was the presence of Bobbie Louie, the 1946 national champion who has captured more of the American top money than any of the others.

Harrison, who learned his golf at the University of St. Paul, won the money here in 1946 and repeated in 1947 while still a member of the St. Paul team. A sample of the suggestions of the members of 150 that set out on two

18-hole rounds today and Friday will win the tournament first prize in previous years. They included: Herb Morrison, the master-golfer; Ed "Porky" Oliver and Johnny Reeder.

**Ford Training Program Is Offered**

Dearborn, Mich.—Opportunities for college graduates between the ages of 20 and 26, to plan a career in the automobile industry, have been launched today as booklet describing the company's "Ford Field Training Program." It lists 129 colleges throughout the country. The new program will provide a year of training, including a one-half first-hand grasp of the business, and round with the Ford Motor Company.

"Hand-picked" group will spend the first two years, on assignment to various departments, with every major division of the company, including manufacturing, engineering, finance, industrial relations and public relations. They will take positions of responsibility, and the company's representatives will interview prospective candidates at various colleges.

The program can be obtained by writing to the Ford Field Training Department, Ford Motor Company, Dearborn, Mich.

What Recent Floods Cost Corn-Belt States

Worst hit was Iowa, where 115,000-

## European Nations Are Grasping for Marshall Rehabilitation Plan As Their Only Hope

By DeWITT MacKENZIE  
AV Foreign Affairs Analyst

Britain, France and other economically distressed nations of western Europe are reaching for the prospective benefits of the Marshall rehabilitation project like drowning men grabbing for life.

For example: Authoritative sources in London stated yesterday that the government had under consideration the drastic course of spending some of England's \$2,500,000 gold and dollar reserve to implement the plan. The government, failing to keep out of the grip of the powerful French Communist party, is greatly worried with the recent disclosures which are expected to plague the country next winter. But the important point of this disclosure — and your special

attention is drawn to it — is that the tapping of the reserve would be a stop-gap between the period when \$3,750,000,000 loan from the U.S. was exhausted about the end of the year and the time when the Marshall plan or some other American program of financial aid to Europe becomes effective.

Yesterday, too, France made a new appeal to Russia in the United Nations Economic and Social Council to join in implementing the Marshall plan. The Paris government, failing to keep out of the grip of the powerful French Communist party, is greatly worried over Moscow's attitude. Delegate Georges Boris told the council that distrust between Russia and the western powers was paralyzing Europe.

It's clear that this split was the result of Communist refusal to collaborate. My source now tells me that the crisis was deliberately precipitated under orders from Moscow, and the strategy was

It had just become apparent that the Russian wheat crop this year would be excellent, barring unforeseen contingencies. Possession of this breadstuff would provide a mighty bargaining weapon on a continent where, in many places, war had pressed for food. France for almost the first time in her history was short of bread.

Well, with that set-up the French Communists were to undertake a program of harassing the government. An important phase of the campaign was to be causing of labor troubles. The Reds being powerful in important trade unions, this would add further to the economic chaos of the nation. When autumn approached, and the government was beside itself with vibrations, ship loads of Russian wheat would be offered to the distressed country at the time when the French Communist party is zooming into power on the gratitude of the populace and the weakness of the government.

There is one more item to be added. Last Sunday a communiqué was issued in Moscow giving the first authoritatively published news that the Soviet wheat crop is indeed excellent. There is gram for export.

### Piggish Seagulls Almost Put Farmer Out of Business

Walla Walla, Wash., July 30—(AP)—A flock of seagulls, making holes of themselves, have contributed to driving farmer Carl Nelson temporarily out of the hog-raising business.

The gulls, estimated by Nelson at from 1,000 to 2,000 in number, and protected by the law, invaded his hog lot two months ago.

At first Nelson did not object to their presence, but shortly they became so bad, he said, that they would crowd the hogs away from the feed troughs by sheer force of numbers.

"A sack of shorts would last only about five minutes," the hog feed.

Various attempts were made to scare the birds away but nothing worked. Nelson resorted to firecrackers thinking the noise might scare the visitors away but "they seemed to get even more entertained than the flashes."

The latest effort has been to sell the hogs and shut off the water that formerly flowed through the feed lot.

However, some of the birds have persisted in hanging around and Nelson is thinking of appealing to the county commissioners to "abate the nuisance."

"If the bird lovers want the sea gulls to stay around here someone's going to have to buy my land. I can't afford to feed them," he said.

### BIGGEST RUNWAY EATS UP CONCRETE

Enough concrete will be used on the world's largest and heaviest runway, now under construction at Wright Field, Dayton, O., to pave a highway 9 inches thick, 24 feet wide and 92.3 miles long—slightly less than the highway distance between Philadelphia and Harrisburg, Pa. The massive runway, known as VVHB (Very Very Heavy Bombers), will measure 300 feet wide, stretch for 10,000 feet, and have a thickness of 26 inches. A total of 450,000 barrels of cement and 533,610 tons of aggregate will go into the runway, which will cover 100 acres when completed about Dec. 1, 1947.

### State Divorce Legality to Be Decided

Little Rock, July 30—(AP)—Legality of hundreds of Pulaski county divorces, some involving persons who have remarried, will be questioned before the Arkansas Supreme Court, a Little Rock attorney said today.

John L. Sullivan said he and a group of other Little Rock attorneys, in appealing a divorce decree, challenge constitutionality of the 1947 legislature's appointment of Mrs. Ruth Hale as special Pulaski chancery judge on domestic relations.

The appeal will be filed within a few days, he declared.

Sullivan said the group of attorneys would contend that Judge Hale's divorce may be unconstitutional because:

Article III, section 44, of the Arkansas constitution limits Pulaski county to one chancery court:

The legislature appointed Mrs. Hale, while the constitution limits appointive powers to the executive branch of government;

The legislature can not take away or add to the jurisdiction of a chancery court;

Sullivan said the Supreme Court would be asked to rule whether, if Judge Hale's appointment was illegal, all actions of her court are null and void.

The spokesman for the attorneys said clarification of the situation was sought while property settlements in divorces granted still could be resettled.

"Even after the divorces are granted, we cannot promise our clients they have their marriage bounds separated," Sullivan asserted.

The attorneys said some of their clients in divorce actions passed up by Judge Hale had remarried and expected children.

While the first chancery district includes Pulaski, Prairie, White and Lonoke counties, only Pulaski is affected by the 1947 act excluding the practice of special domestic relations judge.

Judge Frank Dodge is chancellor of the first district.

The 1947 act made Mrs. Hale the only woman chancellor in Arkansas.

The council test will come in August and the repeated blackballs would boost the Soviet veto total to 14. Late yesterday the Russians vetoed the American proposal for a Balkan investigating commission.

Alexei Krasilnikov, deputy Soviet delegate, laid down Moscow's position after China accused Russia of sponsoring "a second front" against the Chinese government through outer Mongolia's invasion of Sinkiang.

Krasilnikov also formally moved to blocs consideration of applications from Australia, Italy, Hungary and Romania on the grounds that the peace treaties had not been ratified. The Austrian treaty had not been drafted but parts with the others that have been ratified by all the big powers except Russia.

The United States immediately objected and said it wanted full scale discussions held. A highly placed source indicated that the Americans would shun for the admission of Austria and Italy this year regardless of treaty delays, but would "strongly question" Hungary and Romania, both regarded as Soviet satellites.

### Fulbright Asks New Arkansas Court Division

Washington, July 30—(AP)—Senator Fulbright (D-Ark.) has suggested creation of a fifth division of the United States district court for eastern Arkansas.

In a letter to Chairman Wiley (R-Wis) of the Senate Judiciary committee, Fulbright said there is "a very large area in southeast Arkansas in which the federal court does not cover."

He suggested investigation of the possibility of an additional division in that section of the state.

The four divisions are Helena, Batesville, Jonesboro and Little Rock.

### Soviet Veto Shows How Much World Peace Is at Stake

By JOHN M. HIGHTOWER  
Washington, July 30—(AP)—Greek Foreign Minister Constantine Tsaldaris said today that Russia's veto of proposed security council surveillance of troubled Greek borders showed "how much world peace is at stake."

The Greek minister made his comment to a reporter as top American foreign officials began a series of important conferences on the crisis brought about by the Soviet veto of an American plan for the U.N. to set up a "watch dog" border commission.

Undersecretary of State Robert Lovett told a news conference that Herschel V. Johnson, American spokesman in the security council

State Department conferences aimed at determining the steps to move the United States should take.

Johnson came from New York especially to join in the talks here and Lovett agreed that the procedure was extraordinary.

### Slaver Must Pay Slave \$6,000 But Escapes Jail

San Diego, Calif., July 30—(AP)—A federal judge's mercy spared Mrs. Alfred Wesley Ingalls going to prison today but the 62-year-old clubwoman must pay \$6,000 to her former Negro maid, Dora Jones, for nearly 40 years enslavement.

Sobbing, Mrs. Ingalls listened when bound hands yesterday as Judge Jacob Weinberger suspended a three-year prison sentence.

### Baptists Stress International Cooperation

Copenhagen, July 30—(AP)—Some 5,000 delegates to the seventh Congress of the Baptist World Alliance began their deliberations today on a keynote of international cooperation.

Speakers at yesterday's opening session urged the delegates to face courageously their responsibilities in a world beset by tension among nations.

In last minute telegrams to the Congress, Baptists in Russia, Poland and Bulgaria disclosed that they would be unable to participate in the conference and expressed their regrets.

The prime of the Danish Lutheran church, Bishop H. J. Uggelsen, in welcoming address, told the delegates it seemed more difficult to win the peace than the war, and he added that the world "today needed 'goodness an love.'

The local mayor of Copenhagen, H. P. Sorensen, commencing in a radio address last night on reports that some hotels here had raised their rates, "Wealthy guests," told the Negro delegates, "will be welcome to stay at the city's guest house that way." The Negro delegates are among the 850 Baptist delegations and laymen attending the Congress from the United States.

### Dutch Launch New Operation in Sumatra

By STANLEY SWINTON  
Batavia, Java, July 30—(AP)—

The Dutch announced today they had launched a new amphibious operation near the northern end of Sumatra, and the Indonesians reported a combined Dutch sea and air attack on Tjilatjap, last important Republican-held port on Java.

A broadsheet Republican communiqué said a Dutch warship, two Mitchell bombers and three lighter planes carried out the attack on Tjilatjap on the south coast of Java, 90 miles west of Jogjakarta. It said one Dutch bomber was shot down. The Dutch did not confirm the report.
